JERSEY MATCHING GAME

©WILLTEACHFORTACOS

TEACHER DIRECTIONS AND INFORMATION

Print a helmet page for each student. You could also screen shot and post it on Seesaw or Google Classroom for students to complete digitally.

You can either project the football jerseys or print a sheet for each student to see. The jersey pages are available in color or black and white. The jerseys are simply a way for students to check their answers. They can write the answer that matches in each football helmet and/or color the helmet to match the jersey.
