WHAT'S INCLUDED:

	Slide 2	Student page		Slide 6	Full page craft pieces
	Slide 3	Answer key		Slide 7-12	Individual craft pieces
	Slide 4	Blank recording sheet		Slide 13	Credits and TOU
	Slide 5	Full page penguin			

HOW TO USE THIS RESOURCE:

1. You will need a copy of page 2 for each student. There are also blank recording sheets if you prefer students have more room to do their work.
2. Have students solve 1 problem at a time and either check their answers or provide them with an answer key to check their answers as they solve.
3. There are a few ways they can "earn" their craft pieces. For easiest prep, each student will need a copy of the full-page coloring sheet(slide 5). If you want students to build and paste their craft together, then use slide 6. If you want to print each part of the craft separately, then use the individual piece pages (slide 7-13). This option works well if you plan to print on colored cardstock.
4. As students answer each question correctly, they can either color or color and cut out their craft pieces (depending on how you choose to provide the pieces).
